

Online Training for Medical Device Professionals

Course Title:

US FDA 510(k) Notification Process

Product ID: 92

Duration: 50 mins

SME: Carole Stamp

Course Description:

This course provides a fundamental and expansive overview of the US FDA 510(k) Notification Process and how it works. It covers the following topics:

- How the FDA defines and classifies medical devices using the FDA review and clearance process
- The preparation of a traditional 510(k) notification
- Examples of how and when to submit a new 510(k) for device modifications made during the post-market phase
- Direct links to FDA guidance documents, FDA forms, and various databases for classifications, predicate devices, and recognized standards
- Interactive multi-scenario case studies
- Audio and video presentations
- Glossary items
- Detailed charts
- Models and graphics
